

Oxford Township Snowplowing Policy

1. Roads will not be plowed unless more than three inches of snow has fallen.
2. The Township will not dispatch snowplows until the snow has stopped. During an extended snowfall exception may be made. Snowplows will not be dispatched when poor visibility could cause hazardous situations.
3. The township is not responsible for driveways plugged by the plow in the normal course of clearing the township roads.
4.
 - a. The township will not be responsible for mailboxes or fences hit by equipment when they are not properly located and installed.
 - b. Township residents are reminded that it is unlawful to plow snow from a driveway across a public road. Piles of snow left on or near the traveled portion of the road can freeze in a solid mass creating a hazardous situation for vehicles and snowplows. Accidents and damages caused by snow piles placed in a roadway may result in liability to the landowner.
 - c. Township residents are reminded to remove parked vehicles from township roads to assist in snow removal.
 - d. When directed by a supervisor, the Town Board Chairman or the Sheriff's Department will make an emergency plowing effort through private property.
